**RE: Price Quotation for the Jackson County Adult facility
BVMS upgrade proposal
Sylvia, NC**

BVMS upgrade

Summary of Scope:

This proposal is a base bid proposal to for Accurate Controls to provide the facility with new video viewing workstations and new video management appliances to update the existing BVMS system. The only equipment that is included in this proposal is listed below. It is the intent to use the existing monitors to help keep costs down. Also, the new headend equipment will be installed in the existing rack onsite. The security controls computers do not need to be updated at this time as they are set to be updated under a different proposal.

If this proposal is accepted Accurate Controls will assign a Project Manager to the project. They will work with the facility to come up with a payment and construction schedule. Then at that time Accurate Controls will order all parts for the project and have then shipped to ACI for assembly/programming. Once the equipment is built and tested at Accurate Controls, all equipment will be sent to the facility for installation by Accurate Controls.

Accurate Controls technician(s) will come to site and review the VMS system and make a list of any failed devices. Once that has completed and the facility has agreed to the list Accurate Controls will begin to install the new equipment. Accurate Controls will have a scheduling meeting with the facility on how to help minimize the down time. Note: all demolition and installation of the systems will be done during normal business hours.

Once the new servers and workstations are in place, Accurate Controls technicians will certify all cameras are operational. At that time Accurate Controls will go over any items that are not functional and compare it to the list created before demolition of the existing system. At that time an action plan will be put together between the facility and Accurate Controls to handle anything outstanding.

This proposal includes adding the following new security electronics equipment:

- (5) Bosch MHW-WZ4G4-HEN2 workstations
- (2) Bosch SIP-7388-8HD Divar 7000 video management appliance
- (2) Bosch DIP-7388S8H-POS 12 month extended warranty
- (1) Bosch DIP-AI08-HDD 8TB spare hard drive
- (1) Bosch MBV-BPLE-DIP-FM Base license
- (56) Bosch MBV-XCHANPLU-FM camera licenses

Inclusions:

- System engineering
- System programming
- Project management
- Head end equipment installation in existing racks and final terminations
- Removal of existing servers and existing workstations
- Onsite system startup, testing and certification
- Quotation includes Accurate Controls technician on site for installation
- Freight from our facility to the project site included in our quotation

ACCURATE CONTROLS, INC.

- As-built drawings

Exceptions:

- Spare equipment
- All work to be completed on 1st shift Monday thru Friday 7:00 am to 4:30 pm
- Some work will require the disruption of normal operations
- Sales tax on materials
- All wire, conduit, back boxes, complete raceway will be responsible of the owner
- Any 120VAC if additional is required.
- Accurate Controls, Inc. may adjust the contract price to reflect the revised actual cost of the labor and materials. Accurate Controls, Inc. shall provide to prime contractor or Owner documentation supporting our claim for additional compensation. If there is an increase in the actual cost of labor or materials charged to Accurate Controls, Inc. in excess of 5% subsequent to signing contract or purchase order, the price set forth in said contract or purchase order shall be increased accordingly with a written change order or amendment.
- Accurate Controls, Inc. shall submit production and labor schedule extensions to contractor or Owner in a timely fashion that result from changes to global supply chain and construction manufacturing that are out of our control.

Assumptions/Clarifications:

- Prevailing wages do not apply.

Quotation:

Base Bid Total = \$125,500.00

Add 1.25% to the above referenced proposal if payment and performance bond is required.

Warranty:

Accurate Controls, Inc. shall guarantee our labor and materials to be free from defects for a period of one (1) year from final acceptance of installation. We shall replace defective materials in a timely fashion after diagnosis. Accurate Controls, Inc. will not replace or warrant hardware which is damaged due to negligence, acts of god or vandalism.

Summary:

Quotation valid for 60 days and subject to change thereafter.

Accurate Controls, Inc. is a national UL508A integrator of the preceding equipment with all of our project coordinators, technicians, and engineers being factory authorized.
